

Pablo Pereira has been the Manager of Uruguay XXI's Export Promotion Department since May 2013. He graduated from the ORT University with a degree in Management and has completed studies in the field of Foreign Trade and Project Management.

He has been part of Uruguay XXI's Export Promotion Department team since September 2013. Pablo Pereira has vast experience in the planning and execution of promotional activities aimed at fostering Uruguay's exports of goods and services. He specializes in consultancy for small and medium-sized companies in the different stages of their internationalization process.

He is the head of a multidisciplinary team that provides advice to national companies, especially small and medium-sized companies (PYMES), in the use of the various support programs and tools available at Uruguay XXI to enable their international reach.
